

I support XM radio and their right to broadcast instant traffic and weather. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what you are permitted to hear. Respectfully I urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve. XM radio is the future. I know have the option of choice. The choice to choose if I want to pay for my music or let advertiser's pay for it, please don't change that.

Thank you
